Old Business
Daphne provided an update on the comprehensive plan. They had their second meeting. There are plans for the possible use of the 106 building at City Park. To build a recreation center will cost 1 million to 1.1 million in renovations. It would cost an additional 1 million dollars to add a gym to the recreation center. Kids in the City of Reading go to City Park. It is very important that we focus our efforts there. David Ruyak had a few questions/concerns. His concern is with the operating costs to run this building and his budget. A discussion followed regarding energy efficient ways to save money and what the building will be used for throughout the year. Daphne informed the board that they can expect a preliminary draft of the comprehensive plan in the next two months. It won’t be approved for final till the fall. Executive Director’s Report
Daphne gave a verbal Executive Director’s report for February and March 2015.

Highlights:
1. RRC won 2 out of 10 state awards! Our urban cooking program, Chef Sprout won an award. We are looking into a $25,000 Aetna Grant so we can move the program into the schools.
2. Larry Zerbe has been named Midstates pro of the year and Matt Lubas has been named swim coach of the year. We are trail blazing. What we have done in three years is being recognized.
3. Our food program is now serving the Olivet’s Century 21 program. We hope to continue that in the fall.
4. The girls in the Girls Leadership program just traveled to Philadelphia! Both programs are going well. Next year we are looking to add a 3rd site.
5. Our basketball teams are doing very well. We have only lost one game so far. Coach Elvin and Coach Quennel are doing great.
6. Our swimming program at the school has sold out all time slots. Lessons will continue at Schlegel for the summer.
7. Kevin Devera started as our Sports Program Manager on April 2, 2015. He has hit the ground running and has been meeting with schools.
8. Our summer playgrounds may increase to 9 locations! We will have a full day program at the JCC. Will have use of the gym, pool and kitchen. We will also have a program at City Park. The building located right near the Citadel will be used to serve food. Any presence we can bring to City Park that is positive is very important. We are moving the art camp from Keffer Park to Pendora Park. This is due to the success of the art camp last year. We will rent Keffer out for the summer.

James Washington discussed requests for services. Any requests for sports must go through Matt Lubas. There is a process for everything and it needs to be followed. He also discussed the need for meetings to be advertised. This needs to happen when we have more than 4 board members.

David Ruyak presented a letter from the Mayor’s office to the Commission. Daphne read the letter to the board. It is regarding parking issues at 3rd and Spruce Recreation Center.

Eddie Moran stated that there is a lot of activities moving forward and plans for the summer programs which is great but he is not hearing about any special need programs. He stated that we do not offer any program that serve special needs children. He feels this issue is being ignored. He has been in contact with the Superintendent, Dr. Mumin. He asked Reading High School to give him a number of children with special needs. Daphne stated that we do have a special needs soccer program that is budgeted for this year and we have modified baseball workshops. Eddie stated that every city has some kind of program that serves special needs children. This city does not. He feels we are not paying any attention to this. Otis Smith asked if we could partner with organizations that are already doing these programs. A discussion followed. James asked that the Sports Program Manager put together a proposal for 3 or 4 different sports and what they would entail and cost for a special needs program. He would like it to be presented at the June board meeting.
