Dear Parents,

I am proud to offer you and your child a unique summer learning opportunity that was originally created by Matt Hathaway, 4th grade teacher in the Exeter School District. RRC's Teachers in the Parks program is designed to meet the specific learning needs of our kids. All rising 1st—6th graders for the 2020-21 school year are eligible for this program, which will meet at a local park over the summer to receive hands-on instruction from highly qualified teachers. All lessons align with the Reading School District's curriculum, designed to be fun, and aim to bridge the academic summer gap between grade levels. The teacher in charge of your child's small summer park group will custom design the lessons to meet your child's needs. We look forward to working with you this summer at Teachers in the Parks!

Sincerely,

Daphne E. Klahr, MA, CPRP | daphne.klahr@readingpa.gov | 610-655-6058
