10. Coed Rules Revisited:

- a. 3 males/ 3 females alternate at time of serve.
- b. If a ball is played more than one time on a side a female MUST contact ball before it passes over the net. A block is not considered a hit.
- c. When there is only one male in front row one of the remaining males may assist in blocking at net – NO OFFESIVE hits (spikes)
- d. Remember overlap are still possible in Coed because the rule relies on positions not sex of players.
- e. Substitutions – male for male; female for female

11. Service Rules:

- a. One service toss within 8 seconds of beckon.

12. Net rules:

- a. A net fault occurs when a player contacts any part of the net, extension, or antenna with any part of the body except hair.
- b. Reaching under the net to catch a ball that has not completely crossed the center line is encroachment and a net violation.
- c. Placing of the hands or opposite side when ball hits (on purpose) and directing ball out of net is a net violation.

13. Center line

- a. Hands and/or feet on or above the center line are fine. Any body part over center line and not on court and not interfering with play if fine.
- b. Any other body part excluding hair, touching court on opposite side of center line is a violation example: knee, head, arms, etc.

14. Second ball/ Fair Pass Rule:

- a. After a detailed discussion; captains unanimously agreed to adopt the newest rule regarding the second contacts.
- b. The second contact does not have to be a clean, positive pass if the ball remains on the same side of the net and third hit is made by another teammate.
- c. If after this second contact results in the ball crossing the net or being legally blocked, it should be ruled a double contact.
- d. A third ball passed over the net must be executed cleanly; otherwise, it should be a double contact violation.
- e. A held ball (carry) is different from a double contact.

Referees are aware of this rule, and captains have requested the rule be reviewed during the match captains meeting. Captains should communicate with head referee regarding how matches are called. We all recognize there will be a learning curve for everyone.

- f. If there is no definitive rule the referee has the final say.

15. Balls:

- a. Before each match, the captains must agree on the ball for the match. If captains do not agree, the default ball will be Tachikara SV-5W

16. Spectators:

- a. All spectators and players not in a contest should respect those who are playing, teams arriving for the later (2nd match) match need to be respectful of teams on the court and keep safety as a paramount objective.
